

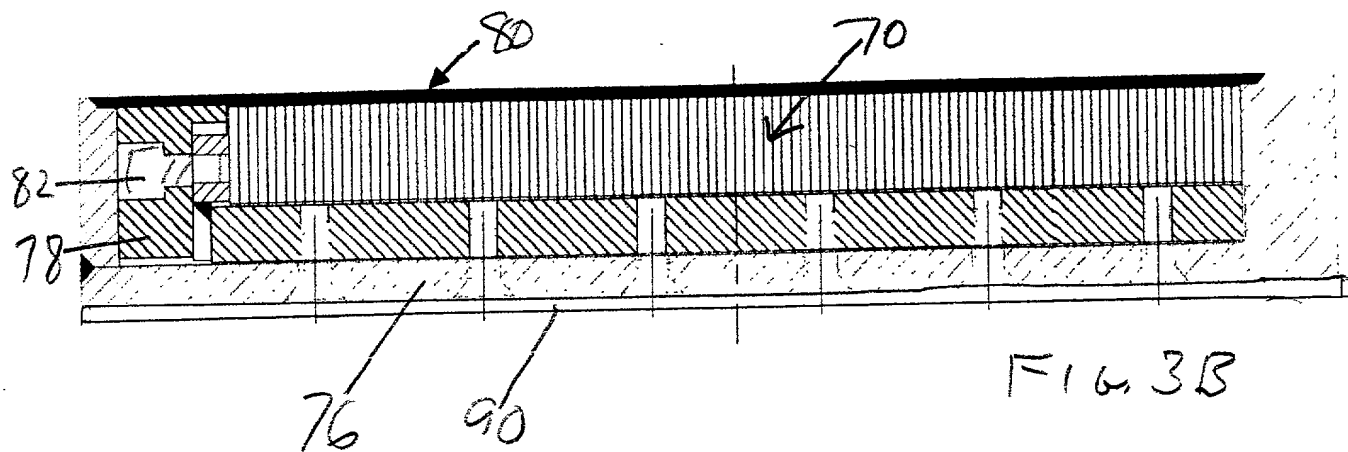

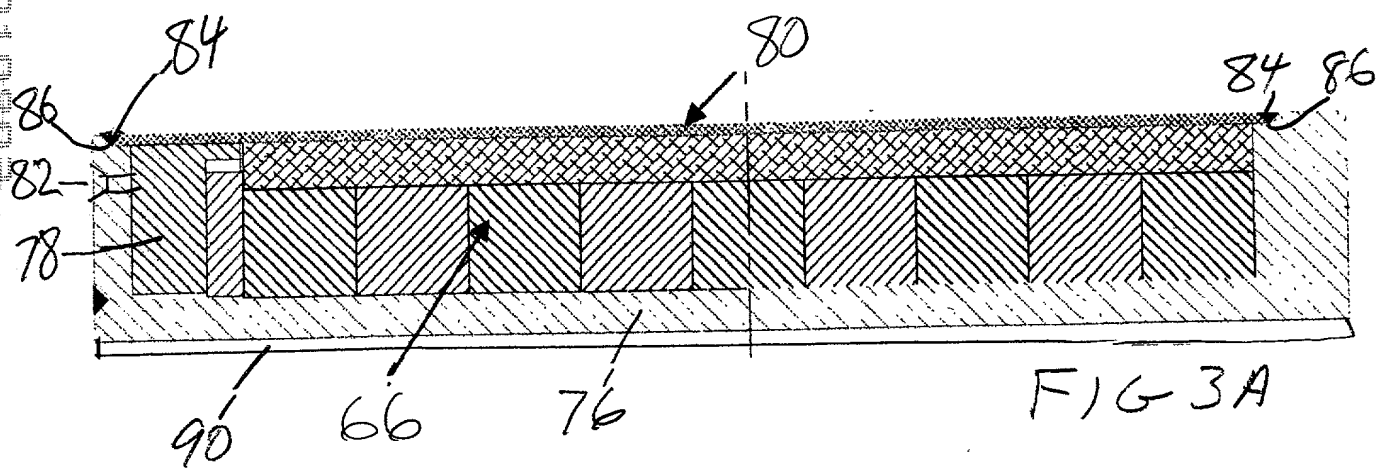

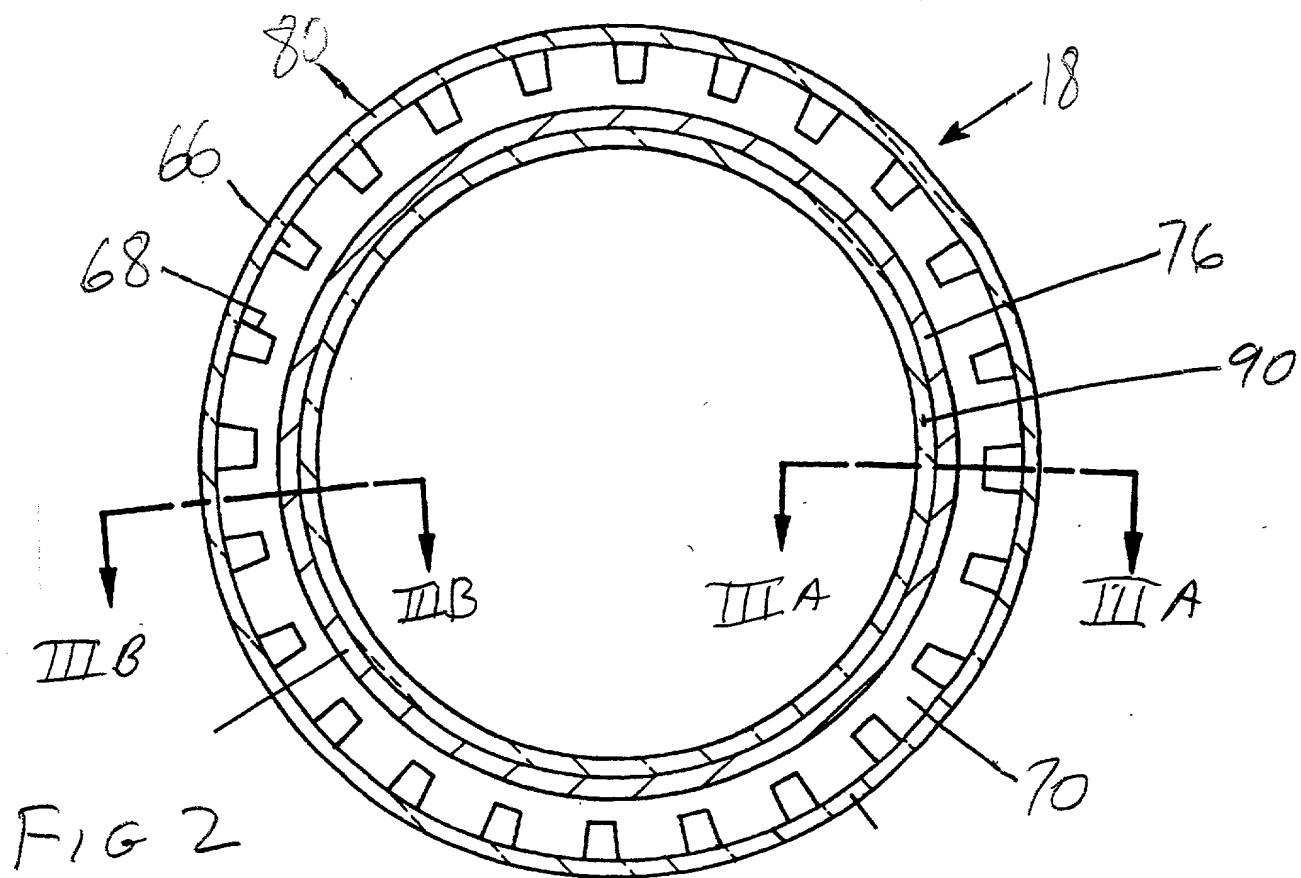

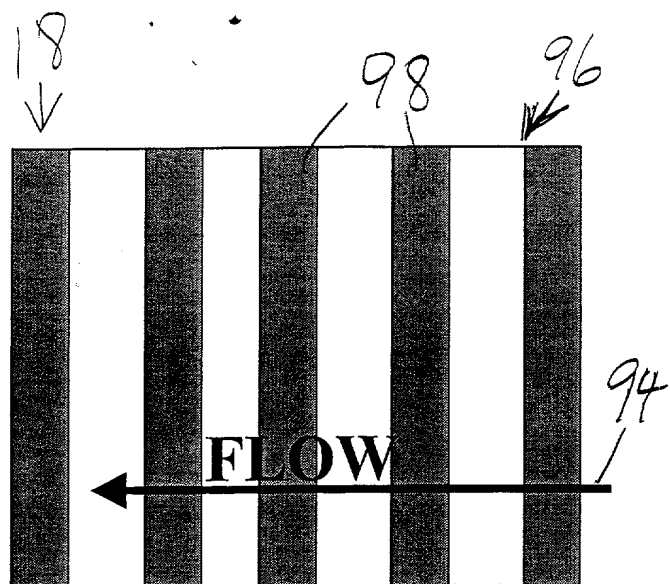

FIG. 1

A cross-sectional view of a mechanical assembly. The assembly includes a central component 30, which is surrounded by a housing 34. A component 41 is located on the left side of the central component 30. A component 52 is located on the right side of the central component 30. A component 36 is located on the left side of the central component 30. A component 32 is located on the right side of the central component 30. A component 24 is located on the right side of the central component 30. A component 38 is located on the right side of the central component 30. A component 42 is located on the left side of the central component 30. A component 44 is located on the right side of the central component 30. A component 40 is located on the right side of the central component 30. A component 50 is located on the left side of the central component 30. A component 48 is located on the left side of the central component 30. A component 52 is located on the right side of the central component 30.
